## Information Regarding the EOY 2021 REP Submission

### Managing Your MILogin Account

To be an authorized user of the REP Application, you must have a MILogin account. Please do not create another MILogin account if you already have one. No user should need multiple MILogin accounts.

If you do not have a MILogin account, follow the instructions within the [MILogin User Guide](#) which provides instructions on how to create a MILogin account and subscribe to applications.

### Who Should be Reported in REP?

Effective January 1, 2006, Michigan law requires that criminal history checks be conducted by the Michigan State Police and the Federal Bureau of Investigation for all regular and contract employees hired or assigned by public schools in Michigan. Therefore, all school districts in the state of Michigan are required by statute to submit all school personnel data to the state via the Registry of Educational Personnel so that the checks may be conducted. As a guideline, if an individual is employed or contracted by the school, they need to be reported in REP (MCL [380.1230](#); [380.1230a](#); [380.1230d](#); [380.1539b](#); [380.1535a](#)).

### Title IX Coordinators

A Title IX coordinator must be designated by every local school district, including intermediate school districts and public school academies, receiving federal education funding in the state of Michigan. This is a requirement of the federal Title IX of the Education Amendments of 1972 that prohibits discrimination on the basis of sex. This person will also provide leadership and direct full compliance with the Michigan Elliott-Larsen Civil Rights Act. Equal opportunity compliance is required in curricular, co-curricular and/or extra-curricular activities.

Beginning in the Fall 2019 REP Collection, Title IX Coordinators will no longer be collected within the REP. Title IX Coordinators are required to be designated within the District Entity in EEM for your district. For information on how to properly designate your Title IX Coordinator within the EEM please visit [How to Add, Remove or Edit a Contact Type in the Educational Entity Master](#). If the Superintendent also serves as the Title IX Coordinator, the individual should be listed twice in the EEM for each role serving.

For questions concerning Title IX coordinators, please contact Elizabeth Collins, Title IX Coordinator, Michigan Department of Education, at 517-241-2091 or email [collinse2@michigan.gov](mailto:collinse2@michigan.gov).

## State of Michigan Office Contact

Each field listing in the REP Data Field Descriptions contains a state of Michigan office contact. This is the office to which questions pertaining to particular field should be directed. As always, for technical assistance with your data submission, please contact CEPI customer support at [cepi@michigan.gov](mailto:cepi@michigan.gov) or 517-335-0505 x3. Please provide your name, district code and district name, the CEPI application name, your telephone number (including area code and extension), your email address and your specific questions.

## Reporting of Day-to-Day Substitute Teachers and Day-to-Day Substitute Paraprofessionals/Aides by the ISD

According to the Michigan Department of Education Office of Educator Excellence, if day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides are employed and paid by the ISD, then the ISD reports them in the REP. If the ISD reports the day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides, the individual districts do not report them. LEAs and PSAs must ensure that their ISD has reported the day-to-day substitutes and day-to-day substitute paraprofessionals/aides who work in their respective districts if they do not intend to include them in the LEA/PSA reporting.

## Reporting of Non-Instructional Employees (Assignment Codes "81500" through "99900")

Districts have two options for reporting non-instructional employees:

**Option 1:** Report non-instructional staff members with the original assignment codes.

**Option 2:** Report non-instructional staff members using a shorter list of consolidated assignment codes.

- "89001" LEA Support Staff
- "89002" Other Support Staff
- "89003" School Support Staff
- "89004" Student Support Services Staff
- "89005" Library Media Support Staff

These codes were developed to help streamline the reporting of non-instructional staff members and align with federal reports. Please note that some positions still require a unique code in order to meet federal or state requirements.

Whether you choose option 1 or 2, the codes may be submitted with the minimal number of fields as outlined in Appendix A. Districts may choose to report with the minimal field submission or a full submission for each non-instructional staff member. When reporting a full submission, all fields must be reported as required for the assignment code reported in Field 10.

**System Field Name:** DateOfHire

**Record Position, Type:** 162-171, date

**Dependencies with Other Fields:** Field 1: Date of Count; Field 12: Funded Position Status; Field 13: Date of Birth; Field 25: Employment Status

- If a substitute teacher is hired to fill a regular teaching position, use the date the substitute teacher was originally hired into the district in the substitute teaching position.
- For vacant, funded positions (vacancies created since the previous school year and not yet filled), leave this field blank.
- This field applies to assignment codes "000AX" through "99900".

**Programming edits:**

- If the field is left blank or does not contain a valid date, a fatal error will be reported, unless Field 12: Funded Position Status is submitted with a code "1" (vacant).
- The date of hire must be prior to the submission date, or a fatal error will be reported.
- The date of hire cannot be equal to or within 14 years of the date of birth, or a fatal error will be reported.

## School/Facility Code (NNNNN) – Field 10 Element

**Definition:** These codes are the state-assigned entity numbers in the Educational Entity Master. This field also provides the relational link to all the core data sets.

**Additional Reporting Information:** The EEM numbers for educational buildings are five digits. You must add a leading zero in front of the EEM numbers for all schools/facilities that have four-digit numbers (e.g., 01234). Any district-operated school, Unique Education Provider, or Non-Instructional Ancillary Facility may receive a five-digit number.

Use the value of "00000" for the School/Facility Code in Field 10: School Assignment Data when submitting the records for the district-level administrative staff, including assignments such as the superintendent, chief administrative officer, assistants and other administrative staff members.

Additional information about school/facility definitions is available via the [EEM Definitions document](#).

Additional information about Shared Educational Entities and Specialized Shared Educational Entities is available on the [MDE website](#).

### Programming edits:

- When a school/facility code is invalid or blank, a fatal error is reported.
- For staff members submitted in a closed school/facility, the close date of the school/facility in the EEM cannot be prior to July 1 of the current submission year, or a fatal error is reported.

## Assignment Five-digit Code (NNNAA, AANAA or NNNNN) – Field 10 Element

**Definition:** The assignment code indicates the position held by the employee. All assignment codes for all staff members must be reported (up to nine assignments). The primary assignment should be listed first if multiple assignments are being reported for one individual. Place the numerals "000" (zero) before each two-letter subject code for general education. Do not use the letter "o" for this purpose.

Depending on the assignment, special rules and formats may apply. Below are the categories of instructional and non-instructional assignments with related code ranges. Please refer to each subsection for details.

- General Education: "000AX" through "000ZZ"
- Special Education: "00192" through "00407"
- Career and Technical Education: "00500" through "00599"
- Early Childhood and Parenting: "60100" through "60700"
- Administrative: "70000" through "79999"
- Paraprofessionals/Aides: "80001" through "80005"; "00403" through "00406" and "00407"; "00410" through "00413"; "80014" and "80016"; "60500" and "60501"
- Non-Instructional/Non-Certified Assignments: "81500" through "99900"

### Additional Reporting Information:

For *career and technical education* (assignment codes "00500" through "00599"):

- Report the state-approved CTE program that the staff member is assigned to teach.

For *early childhood personnel*:

- Kindergarten teachers should be submitted with assignment code "000ZG" (General Elementary).
- Pre-kindergarten teachers should be submitted using the Early Childhood and Parenting Assignments codes.

For *full- and part-time substitute teachers*:

- Report all full-time and part-time substitute teachers who are filling regular positions. For example, if the district has employed an individual under a full-year permit to fill a math position, report the individual as a regularly employed math teacher.

For *contracted employees, full- or part-time*:

- All contracted employees must be reported.
- Report the appropriate assignment code for the position.

For *bus drivers*:

- Report the administrative school/facility code ("00000") unless the bus garage has a separate school/facility code.

For *non-instructional staff members, day-to-day substitute teachers and paraprofessionals/aides*:

- These records may be submitted with fewer fields of data.
- Refer to Appendix A in the manual for complete instructions.

For *non-instructional staff members* ("81500" through "99900"):

- Districts can submit all non-instructional staff members with a reduced number of fields. Previously this was only allowed for non-instructional staff members with an FTE of less than 0.5. See Appendix A.
- Districts can submit non-instructional staff members using a list of new consolidated assignment codes or continue with the original list of assignment codes. Both methods are explained in the Non-Instructional Assignment Codes section in this field.

For *facilitators of instruction* (e.g., computer-based learning program, online instruction, virtual education):

- Report assignment code "000ZW" when the individual is not providing the direct instruction, but is facilitating the instruction of an online class, computer-based learning program or other virtual education assignment. Facilitating the instruction would include such job duties as taking attendance, keeping students on task and monitoring classroom behavior.
- This individual **must** be a certified teacher at the grade level the instruction is occurring, but may not necessarily hold the appropriate subject area endorsement.

For *student teachers*:

- All student teachers must be reported with assignment code "00STU".
- A student teacher is a college, university or graduate student who is teaching under the supervision of a certified teacher in order to qualify for a degree in education.
- Districts are required to report all student teachers in order to meet the reporting requirements of the School Safety Legislation.
- The student teacher assignment will not conflict with the reporting of the actual teacher of record for the classroom. The teacher of record would be reported with the appropriate assignment code.
- Individuals participating in a residency program who are assigned as a Teacher of Record under a Full-Year Basic Permit should be coded with the appropriate REP assignment code for the course(s) in which they are placed.

For *library media personnel*:

- Teachers who are providing instruction and administering a school library should be submitted with assignment code "000ND" (Library Media).
- Paraprofessionals, staff functioning as a library assistant, fulfilling administrative duties or providing support should be submitted with assignment code "89005" (Library Media Support Staff).

### **Programming edits:**

#### *Assignment Code:*

- When an assignment code is invalid (not included in the official list of assignment codes in Field 10) or blank, a fatal error is reported.
- If the assignment code is between "000AX" and "00599", "60300" or "60400", then the following fields must be submitted or a fatal error will be reported:
  - Field 7: Social Security Number or Field 8: Credential License Number
  - Field 12: Funded Position
  - Field 20: Educator Effectiveness (EOY only) (See Field 20 for specific assignment codes and reporting instructions.)
- If the assignment code is between "000AX" and "00599", "60300" or "60400", and Field 25: Employment Status is reported with a code "97" or "98," then the following fields must be reported or a fatal error will be reported:
  - Field 7: Social Security Number or Field 8: Credential License Number
  - Field 12: Funded Position Status
  - Field 20: Educator Effectiveness (See Field 20 for specific assignment codes and reporting instructions.)
  - Field 24: New Teacher Professional Development, (Field 24 is required to be submitted for new teachers only.)
- If the assignment code is between "70000" and "79999", then:
  - Field 12: Funded Position Status must be submitted, or a fatal error is reported.
- If the assignment code is "60100", "60200", "60401", "60500", "60501", "60600", "60700" or "80001" through "99900", then:
  - Field 12: Funded Position Status must be left blank, or a fatal error is reported, unless the position is submitted as a vacant position or as an on-leave position.
- If the assignment code is "00SUB", "00PAR" or "00STU", then:
  - See Appendix A for specific reporting requirements.
  - For bulk upload files and online submission, submit the appropriate assignment code "00SUB", "00PAR" or "00STU" and the school/facility only in Field 10, or a fatal error will be reported.
- For non-instructional staff members (assignment codes "81500" through "99900"):
  - All required fields as outlined in Appendix A must be submitted or a fatal error will be reported.

## Special Education Assignments (NNNNN)

### Additional Reporting Information:

- For special education teachers, report the specific subject area assignments and educational setting (rather than grade level) in the Current Grade Assignment and Educational Setting section.
- Holders of the School Counselor License and Temporary School Counselor Authorization cannot be assigned to teach courses (as teacher of record). They can otherwise serve in full capacity of a school counselor in a **non-instructional role** and should be reported with assignment code "00376".

School counselors holding the NT endorsement on a teaching certificate, or the Preliminary Employment Authorization to work as a School Counselor, may also serve in a **non-instructional role**, and in such cases, should be reported with assignment code "00376".

Utilize the "000NT" instructional assignment code for school counselors assigned to courses (as teacher of record) under the NT endorsement on a teaching certificate or the Preliminary Employment Authorization to work as a School Counselor.

## Administrative Assignments (NNNNN)

Report the appropriate administration assignment code for the administrative position held by the employee. Administration assignment codes are created by selecting the appropriate Title, Level and Function for the position held by the administrator. An assignment for an administrator is coded as a 5-digit number. Select from each of the categories given. For example: A superintendent of a district would be coded as follows:

- Title (NN): 70
- Level (N): 2
- Function (NN): 00

Report 70200 in the REP for a district superintendent; 70100 for an ISD superintendent.

## Non-Instructional Assignment Codes (NNNNN)

Districts have two options for reporting non-instructional employees (“81500” through “99900”) as outlined below. All non-instructional staff members may be submitted with fewer fields of data required. Previously this was only allowed for non-instructional staff members with less than 0.5 FTE. See Appendix A for complete reporting instructions.

Option 1: Report non-instructional staff members with the original assignment codes. Use Table A.

Option 2: Report non-instructional staff members using a shorter list of consolidated assignment codes. Use Table B.

- 89001 LEA Support Staff
- 89002 Other Support Staff
- 89003 School Support Staff
- 89004 Student Support Services Staff
- 89005 Library Media Support Staff

These codes were developed to help streamline the reporting of non-instructional staff members and align with federal reports. Please note that some positions still require a unique code in order to meet federal or state requirements. Table B provides a crosswalk with the original assignment codes and the consolidated assignment codes.

Whether you choose option 1 or 2, all non-instructional assignment codes may be submitted with the reduced number of fields as outlined in Appendix A.

## Current Grade Assignment and Educational Setting (22-Digit Code, Integer) – Field 10 Data Element

**Definition:** This is either the grade level or educational setting of the position held by the employee. All vacant funded positions are reported with either the grade level or educational setting for the vacant position.

### Additional Reporting Information:

- For assignment codes "000AX" through "99900", report either the grade level or educational setting. For example:
  - (Bulk Upload) When reporting a staff member, report the grade level whenever possible or use the appropriate educational setting such as "0000000000000000000001" (Administrative or Support Staff – all levels).
  - (Online Application) Select the appropriate grade level (check box) or educational setting from the drop-down list.
- For staff members assigned to specific program areas, such as bilingual education, migrant or special education, submit the appropriate educational setting for the position reported.
- For assignment codes "81500" through "99900" that are reported with the minimal required fields, the reporting of the grade level or educational setting is not required.
- Special education personnel must be submitted by the age group that they serve for at least 50 percent or more of their instruction time.
- Developmental Kindergarten (a defined two-year Kindergarten program that precedes entry into first grade). Beginning with the 2014/15 school year, "developmental K" refers to a defined two-year kindergarten program that occurs prior to students entering the first grade. Students who attend a standard one-year Kindergarten program, but then are retained in that grade for an additional year, will simply be shown in the same grade for two school years, just as a student who repeats any other grade is shown.
- For any teacher or paraprofessional/aide assigned to a bilingual program, report the appropriate assignment code. To reflect the bilingual setting, select the Bilingual Educational Setting (Field 10) that fits the type of the bilingual learning environment.

### Programming Edits:

- If both a grade level and an educational setting are submitted, a fatal error is reported.
- If the grade level and educational setting are invalid or blank for an employee (assignment codes "000AX" through "80016"), a fatal error is reported.
- For assignment codes "81500" through "99900" that are reported with all fields, a fatal error will be reported if the grade level and educational setting are invalid or blank. (See Appendix A for complete reporting instructions.)

- For special education assignment codes "00192" through "00292" and "00403" through "00407", a fatal error will be reported if the age group is not submitted under the Educational Setting.

## FTE Four-digit code (N.NN) – Field 10 Data Element

**Definition:** Full-time equivalency (FTE) refers to the amount of time required to perform an assignment stated as a proportion of a full-time position, and computed by dividing the amount of time employed by the time normally required for a full-time position. The FTE submitted should be determined by district policy and contracts within the district. This is an internal process based upon the local ISD's, district's or PSA's structure.

### Additional Reporting Information:

- Report the FTE for all staff members ("000AX" through "99900" except assignment codes "000SUB", "00PAR" and "00STU") regardless of the FTE count.
- Report the FTE of any vacant positions.
- Report the proportionate FTE for each assignment for each staff member. For example,
  - If a teacher works full time, but works in two schools/facilities, report each school/facility separately using "0.5" FTE for each.
  - If a teacher is assigned to a biology class for three sections in his/her schedule and an English class for two sections in his/her schedule, report "0.6" FTE for biology in the first position, and "0.4" FTE for English in the second position of Field 10.
  - If a principal works three-fourths of his/her time as an administrator and one-fourth of his/her time teaching mathematics, the FTE would be submitted as administrator "0.75" and teaching "0.25".
- *FTE greater than 1.0:* It is possible to report an FTE greater than 1.0 if the person is employed in two regular assignments for the district.
  - For example, if a teacher works in a regular teaching assignment for 1.0 FTE and works in the community services program after school in a 0.25 FTE assignment, report each assignment/position separately by FTE. The total FTE cannot exceed 2.0.

### Programming Edits:

- For assignment codes "000AX" through "99900," except assignment codes "000SUB", "00PAR" and "00STU," if the FTE is left blank or is less than 0.00, a fatal error is reported.
- If the FTE is greater than 2.0, a fatal error is reported.

## Hourly Wage Six-Digit Code (NNN.NN) – Field 10 Data Element

**Definition:** This is the amount paid to an employee on an hourly basis.

### Additional Reporting Information:

- The hourly wage cannot exceed \$999.99.
  - The reporting of Hourly Wage is optional, but a valid value must be reported. The district may report "0".
- *For example:* Jim Smith is a third-year math teacher in the high school with a salary of \$32,000, and Sally Jones is a 20-year, fifth-grade teacher with a salary of \$43,000. The district contract indicates that high school teachers work 7.5-hour days and 183 days per year, while elementary teachers work 6.5-hour days and 184 days per year. A method to determine hourly wage for Jim Smith would be:  $32,000 / (7.5 * 183)$ . In this example, Jim Smith would have an hourly wage of \$23.32, and Sally Jones would have an hourly wage of \$35.95 ( $43,000 / [6.5 * 184] = 35.95$ ).

### Programming Edits:

- Reporting of the hourly wage is optional; however, a value must be submitted or a fatal error is reported.
- The hourly wage cannot exceed \$999.99, or a fatal error is reported.
- When Field 12: Funded Position Status contains code "1" for a vacant position, submit zeros in both the hourly wage in Field 10, or a fatal error is reported.

## Accounting/Function Three-Digit Code (NNN) – Field 10 Data Element

**Definition:** This is the appropriate accounting/function code for the employee as determined for accounting purposes by the school district.

**Additional Reporting Information:** The [Michigan Public School Accounting Manual](http://www.michigan.gov/mde/0,1607,7-140-6530_6605-21321--,00.html) (www.michigan.gov/mde/0,1607,7-140-6530\_6605-21321--,00.html) serves as a mandatory guide to the uniform classification and recording of accounting transactions for Michigan public school districts.

A list of suggested accounting/ function codes as defined by the Michigan Department of Education is provided for most assignment codes within the lists of assignment codes in this field. If a specific accounting/function code is not listed for an assignment code, or if a range of accounting/function codes such as "2xx" through "3xx" is given, choose the appropriate code from the list of valid accounting/function codes for the position. Warning messages will be reported when the reported code does not align with the recommended code.

### Additional Reporting Information:

For staff members with core academic assignment codes "000AX" through "000ZZ", "00192" and "00197", report the number of core academic classes taught ("1" through "9") for each core academic assignment code submitted in Field 10.

For non-core academic assignment codes "000AX" through "00413", report a value of "0" through "9". Reporting of the number of classes taught is optional for non-core academic assignment codes.

For all other assignment codes "00500" through "99900", report a "0" (not applicable) for this position.

For example:

- If a staff member is submitted with the assignment code "000EX" (Mathematics) and teaches Algebra I, Algebra II, Advanced Math, Pre-Algebra and General Math, report "5" in this position. The "5" represents five classes taught by the staff member.
- If a staff member is assigned two subject areas such as three classes of English "000BA" and two classes of History "000CC" – report "3" in this position for English "000BA" and "2" in this position for History "000CC".

For more information concerning the reporting of the number of classes taught, you may refer to the [Calculating the Number of Core Academic Classes Taught](#) document.

**Trimester classes:** Report the number of classes taught in the first trimester in the EOY submission of the REP. Report the second and third trimester classes in the end-of-year REP submission.

### Programming Edits:

- All other assignment codes ("00500" through "99900") must be submitted with a code of "0", or a fatal error is reported.

**Number of Core Academic Classes Taught Codes:** "0" through "9"

## Field 15: Racial/Ethnic Code

**Definition:** This is the race/ethnicity of the staff member.

**Field Use:** School Aid Act, [388.1619](#); Section 501 of [PA 115 of 2009](#)

**System Field Name:** RacialEthnicCode

**Record Position, Type:** 637-642, character

**Dependencies with Other Fields:** Field 12: Funded Position Status

### Additional Reporting Information:

- First identify a racial group and then the ethnicity of the staff member.
- If the person is self-selecting, a multiple of the following codes with PRIMARY AND SECONDARY CHOICES MUST BE REPORTED.
- Because this is a multiple-occurrence field, the indicator of the code is located by position in the format. The primary racial/ethnic choice is represented with a "1" and the second choice is a "2", etc.
  - For example, a person whose primary racial/ethnic choice is Asian American would receive a code of "010000". If the same person were also White, they would receive the code of "010020". In this example, a person who is primarily of the Hispanic ethnic group and is also of the Black and Asian races would be coded "032001". If a person were of equal races, such as an American Indian and Hispanic, they would be submitted as "100001". Using this procedure, multiple racial/ethnic classifications are possible when self-selection occurs.
- For vacant positions created since the previous school year and not yet filled, leave this field blank.
- This field applies to assignment codes "000AX" through "99900".

### Programming edits:

- If the code is invalid or blank, a fatal error is reported, unless Field 12: Funded Position Status contains code "1" (vacant).
- If a "1" is submitted in Field 12, this field must be left blank, or a fatal error is reported.
- At least one of the six digits must be a "1", or a fatal error is reported.
- Repetition of a "1" in all positions will result in a fatal error.

## Field 20: Educator Effectiveness

**Definition:** This is the educator effectiveness label as identified by the school district for each educator. The effectiveness labels should be based upon the employee's most recent evaluation.

**Field Use:** School Aid Act, [388.1619](#); Section [380.1249](#) MCLA; ESEA Flexibility Waiver Principle 3; Teachers' Tenure Act

**Specification:** Two-character (NN)

**System Field Name:** EducatorEffectiveness

**Record Position, Type:** 667-668, numeric

**Dependencies with Other Fields:** Field 10: School Assignment Data; Field 12: Funded Position Status; Field 25: Date of Termination

**Additional Reporting Information:** The Revised School Code [[380.1249](#) MCLA] requires that all districts develop and implement annual educator evaluations. These systems are locally determined and must include measures of growth in student achievement as a significant factor. Districts must use these systems to evaluate all educators, and to assign an effectiveness label to each educator.

Districts are expected to report one effectiveness label per educator. If the educator serves in multiple roles, the district must determine an appropriate evaluation metric for that individual and assign an overall effectiveness label for that educator.

The labels required for educator effectiveness under the ESEA Flexibility Principle 3 are highly effective, effective, minimally effective and ineffective. Local education agencies (LEAs) are required to determine and define within their local evaluation systems the criteria attached to each of four labels. If the LEA uses alternative labels, the LEA must determine which labels correspond with the four labels listed.

Under ESEA and Section [380.1249](#) MCLA, educator effectiveness labels are required in the EOY REP data submission. Effectiveness labels should be reported based upon the employee's most recent evaluation. The evaluation of building-level and office-level school administrator's job performance who are regularly involved in instructional matters are required at least annually [Section [380.1249](#) MCLA].

Under Section [380.1249](#) if a teacher or administrator is rated as highly effective on three consecutive annual year-end evaluations, the school district, intermediate school district, or public school academy may choose to conduct a year-end evaluation biennially instead of annually. If a teacher/administrator is not rated as highly effective on one of the biennial year-end evaluations, the teacher shall again be provided with an annual year-end evaluation.

## **Appendix A: Day-to-Day Substitutes; Non-Instructional Staff**

In an effort to streamline the reporting of day-to-day substitute teachers and substitute paraprofessionals/aides and all non-instructional staff members to meet the reporting requirements of the School Safety Legislation, districts may submit these employees with fewer data elements. The required fields are those necessary for accurate reporting of the employees' records in order to meet state and federal reporting requirements and so that the crosscheck of data may be completed with the Michigan State Police.

### **Reporting of Day-to-Day Substitute Teachers and Paraprofessionals/Aides**

A day-to-day substitute teacher or paraprofessional/aide is an individual employed by a district to serve in a short-term assignment that is less than one semester in length. For day-to-day substitute teachers, a school district can employ a person under a substitute teacher permit as long as the assignment is less than one semester. (Source: Office of Educator Excellence, Michigan Department of Education)

The assignment codes "00SUB" (day-to-day substitute teacher) and "00PAR" (day-to-day substitute paraprofessional/aide) may only be used for staff members working in day-to-day substitute positions as teachers or paraprofessionals/aides. When reporting substitute staff members for other types of positions such as a bus driver, secretary or principal, report the assignment code appropriate for the position; do not use "00PAR".

### **Reporting of Student Teachers**

A student teacher is a college, university or graduate student who is teaching under the supervision of a certified teacher in order to qualify for a degree in education. The assignment code "00STU" may only be used to report these individuals.

### **Additional Reporting Information**

*Online Submission:* A special submission screen for day-to-day substitute teachers, day-to-day substitute paraprofessionals/aides, and student teachers is available in the REP Application. Instructions for the submission of day-to-day substitute teachers, day-to-day substitute paraprofessionals/aides, and student teachers are available in the REP User Guide.

*Bulk Upload Submission:* Day-to-day substitute teachers, day-to-day substitute paraprofessionals/aides, and student teachers may be included in bulk upload files with the limited number of required fields. Edits placed on the assignment codes "00SUB", "00PAR" and "00STU" allow districts to omit fields not listed in this appendix.

*School/Facility Code:* Day-to-day substitute teachers and paraprofessionals/aides who work in multiple schools/facilities may be submitted with a school/facility code of "00000" (central administrative unit).

- Field 14: Gender Code
- Field 15: Racial/Ethnic Code
- Field 25: Employment Status
- Field 26: Date of Termination of Employment (when Field 25 is submitted with a code of "01" through "19")

**Programming Edit:** When using the bulk upload option, the fields that are not required must be left blank or a fatal error is reported.

### **Reporting of Non-Instructional Employees (Assignment Codes "81500" through "99900")**

Districts have two options for reporting non-instructional employees as outlined below. Also, all non-instructional staff members may be submitted with minimal fields of data required regardless of the FTE reported in Field 10: School Assignment Data. Previously this was only allowed for non-instructional staff members who were reported with an FTE of less than 0.5.

- Option 1: Report non-instructional staff members with the original assignment codes.
- Option 2: Report non-instructional staff members using a shorter list of consolidated assignment codes.

The consolidated codes were developed to help streamline the reporting of non-instructional staff members and align with federal reports. Please note that some positions still require a unique code in order to meet federal or state requirements.

Whether you choose option 1 or 2, all non-instructional assignment codes may be submitted with the reduced number of fields as outlined in this appendix.

### **Additional Reporting Information:**

*Online Submission:* A special submission screen with the required fields for non-instructional employees with assignment codes "81500" through "99900" is available in the REP Application. Instructions for the use of the submission screen are available in the REP User Guide.

*Bulk Upload:* Non-instructional employees may be included in the bulk upload file with the limited number of required fields. Any non-instructional employee (assignment codes "81500" through "99900") may be submitted with the reduced number of fields as listed in this document.

*School/Facility Code:* Report the school/facility where the staff member is assigned. Non-instructional staff members who work in multiple schools/facilities may be submitted with a school/facility code of "00000" (central administrative unit).

*Assignment Code:* Report the appropriate assignment code for the position held by the non-instructional staff member.

The fields listed below are required for the reporting of contracted and other non-instructional employees when reported with the minimal field submission. Refer to the specific fields in this manual for the field definitions.

- Field 2: Operating ISD/ESA Number
- Field 3: Operating District Number
- Field 4: Last Name
- Field 5: First Name
- Field 6: Middle Initial
- Field 7: Social Security Number
- Field 9: Date of Hire
- Field 10: School/Facility Code; Assignment and FTE only
- Field 13: Date of Birth
- Field 14: Gender Code
- Field 15: Racial/Ethnic Code
- Field 25: Employment Status
- Field 26: Date of Termination of Employment (when Field 25 is submitted with a code of "01" through "19")

**Programming Edits:** The fields that are not listed above for the minimal submission option must be left blank, or a fatal error is reported.

If the district is choosing to do a complete submission for the employee, all required fields must be submitted for the assignment code reported in Field 10: School Assignment Data, or a fatal error will be reported.

## Appendix B: Assignment Code to Subject Area

The Michigan Department of Education, Office of Educator Excellence prepared the following charts to assist districts in selecting assignment codes for the various subject areas taught by the instructional staff in a district.

- Column One (REP Assignment Code): lists the REP assignment codes.
- Column Two (REP Class Assignment Title): lists the REP assignment code description.
- Column Three (Examples of Types of Subject Area Classes): lists examples of the types of subjects that would be included for each assignment code in the REP. Use the assignment code from column one for classes with these or similar titles.

These lists do not include all subjects that may be offered by all districts, but are meant to aid the district in determining which assignment code to use for the instructional staff for these or similar types of subject areas. A more comprehensive list of “Classes that can be Taught” that utilizes the endorsement codes is available at the [MDE Educator Services web page](http://www.michigan.gov/mde/0,1607,7-140-6530_5683---,00.html) (www.michigan.gov/mde/0,1607,7-140-6530\_5683---,00.html).
