## KEY TOPICS – SHORTCUTS TO POPULAR WEBSITE PAGES

### Shortcuts to Popular Pages

*For the most part, the links in the right column below are marketing URLs, specially created to be easy to remember. To keep the column narrow for cell phone browsing, we've left the first part of the URL off. Whenever you see a link that begins with a forward slash "/", the full URL would include [www.michigan.gov](http://www.michigan.gov), so /deer would be [www.michigan.gov/deer](http://www.michigan.gov/deer).*
