The M-STEP Grade 11 Test Administrator’s Paper/Pencil Directions and Manual includes all information that a Test Administrator needs to know to administer any grade 11 M-STEP assessment. With the exception of the Test Directions for content you will **not** administer, Test Administrators are required to read this document in its entirety **before** administering any grade 11 M-STEP assessment.

The following sections are included in this document:

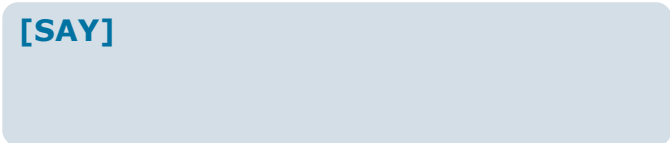

- Overview
- Before Testing
- During Testing
- Test Administration Directions
- After Testing

Assessments Covered

These test directions apply to the following Grade 11 assessments:

- Science
- Social Studies

Introduction

On January 25, 2021, the Michigan Department of Education (MDE) delivered a [request](#) to the U.S. Department of Education to waive certain assessment and accountability requirements of the federal Every Student Succeeds Act (ESSA) including the Spring 2021 M-STEP. To comply with current law, MDE and the Office of Educational Assessment and Accountability (OEAA) must continue to prepare for the required spring assessments in the event the USED does not grant our waiver request. Updates regarding the status of this request will be provided through the weekly Spotlight on Assessment and Accountability newsletter. Please know the health, safety, and well-being of students, educators, and their families is MDE's first priority.

M-STEP Assessments

The Spring 2021 Michigan Student Test of Educational Progress (M-STEP) includes summative assessments designed to measure student performance relative to the Michigan Academic Standards in English language arts (ELA), mathematics, science, and social studies. This overview will describe the unique characteristics of these content-area tests.

What's New

Updates to Spring 2021 M-STEP testing were planned for Spring 2020 but were not implemented due to the cancellation of testing. These updates will be applied in Spring 2021.

The M-STEP science test will be operational in Spring 2021. The M-STEP science test assesses the Michigan K-12 Science Standards in grades 5, 8, and 11.

The M-STEP social studies test will continue to measure the Michigan Academic Standards for social studies that were adopted in 2007. The

social studies test will have only one part for all grades assessed (5, 8, and 11). Students are allowed to take breaks during testing. Schools and districts should work with Test Administrators to determine when breaks are necessary and in the best interest of students.

To simplify the materials Test Administrators are required to read before testing, MDE has created updated Test Administrator's Directions and Manual documents (this document) for each grade by test mode (online and paper/pencil). These updated documents include test administration directions and other materials that cover everything Test Administrators need to know regarding test administration. This updated information would otherwise have been included in the Test Administration Manual (TAM). Therefore, Test Administrators are no longer required to read the TAM; however, they are required to read the Test Administrator's Directions and Manual (this document) before administering any M-STEP test session.

In order to help with Test Schedule development, MDE has provided recommendations for test time estimates, test sessions, and breaks within sessions on [page 5](#) of this manual. These are recommendations to assist districts and buildings in the development of testing schedules—they are not required.

Assessment Security training requirements have been updated for Spring 2021.

Test Administrators and Proctors are required to either

- complete either the MDE Assessment Security online course

OR

- to read the Assessment Integrity Guide.

Any educators who completed the Assessment Security training modules in the past are allowed to take the Assessment Security Refresher course in place of the full Assessment Security Training modules. More information

about the Assessment Security Refresher course is available on the [M-STEP web page](#) (www.michigan.gov/mstep) under the **Professional Development** section.

Grade 11 Science uses a scientific calculator, which includes exponential, algorithmic, trigonometric, and factorial functions.

Science

The M-STEP science test is operational in Spring 2021. The M-STEP science test assesses the Michigan K-12 Science Standards in grades 5, 8, and 11. This is a fixed-form online or paper/pencil test. This year, the test will have:

- one part to be completed in one day for paper/pencil testers in grade 11

The test will include seven clusters.

- **Cluster** – a stimulus (or context) about a phenomenon and a set of 5-8 related items designed to assess all performance expectations (standards) in one topic bundle
- **Topic Bundle** – a group of related performance expectations (standards) that are assessed as a group

Calculator Policy for Science Assessments

Students in grades 5, 8, and 11 are allowed to use calculators for both the online and paper/pencil science assessment.

Calculator Use for Paper/Pencil Testers

Students in grades 5, 8, and 11 taking a paper/pencil test will use a handheld calculator on the entire test. Students in grade 5 will use a basic calculator, and students in grades 8 and 11 will use a scientific calculator.

The state's full **Calculator Policy** can be found in [Appendix A](#). Coordinators and/or Test Administrators may copy and share the policy in its entirety with others involved in testing.

Social Studies

Social studies is assessed in grades 5, 8, and 11 with a fixed-form online or paper/pencil test. The Spring 2021 M-STEP assessments are based on the 2007 Michigan K-12 Social Studies Standards and do not reflect any changes in the recently approved 2019 Social Studies Standards. The test will have:

- one part to be completed in one day for paper/pencil testers in grade 11

The Michigan Merit Examination

The Michigan Merit Examination (MME) is administered to grade 11 students and consists of the SAT[®] with Essay, ACT[®] WorkKeys[®], and M-STEP summative assessments in science and social studies. Because testing was canceled in Spring 2020 only first-time 11th graders are required to take the MME. Repeating 11th graders and 12th graders may choose to participate in the full MME if they are missing a component. To learn more about requirements and eligibility for taking the MME as well as information on administering the MME, go to the [MME web page](#) (www.michigan.gov/mme).

Scratch Paper Guidelines

Scratch paper use varies by test grade, and content area. Be sure to review the state's full **Scratch Paper Policy** in [Appendix B](#).

Designated Supports and Accommodations

The [Michigan Supports and Accommodations Guidance Document](#), which includes the **Supports and Accommodations Tables**, presents appropriate universal tools, designated supports, accommodations, identification processes, classroom considerations, and

guidelines for all state assessments. The document can be found on the [M-STEP web page](http://www.michigan.gov/mstep) (www.michigan.gov/mstep). Guidance in the documents pertains to general education students, as well as to English learners (ELs), students with disabilities (SWDs), and students who are considered ELs and are also identified as SWDs.

Call Center Contact Information

The Office of Educational Assessment and Accountability (OEAA) has a call center to answer questions related to M-STEP testing.

Agents are available to receive questions at the following toll-free phone number and email address during the specified hours.

- **Call:** 1-877-560-8378
- **Email:** mde-oeaa@michigan.gov
- **December 1, 2020 - April 12, 2021:**
8:00 AM–5:00 PM (M–F)
- **April 12, 2021 - May 28, 2021:**
7:00 AM–5:00 PM (M–F)

The following table shows the options related to the M-STEP that are available on the call center phone menu. Select the appropriate option when contacting the OEAA, either through our toll-free number (877-560-8378) or the Lansing-area local number (517-241-4102).

Topic	Option
Known or suspected cheating or unethical testing practices on any state assessment	1
DRC INSIGHT Portal, INSIGHT, Central Office Services (COS), or online assessment tools related to the online M-STEP	2
OEAA Secure Site, testing policies and paper/pencil materials regarding the M-STEP, MI-Access, and Accountability reporting	3

OEAA Communications with Schools and Districts

Keeping educators up to date regarding changes in assessment and accountability is critical. The OEAA communicates with the field in a number of different ways, including:

- **Spotlight on Student Assessment and Accountability weekly newsletter** – sign up to receive the newsletter and/or read archived copies on the [Spotlight web page](http://www.michigan.gov/mde-spotlight) (www.michigan.gov/mde-spotlight)
- [M-STEP web page](http://www.michigan.gov/mstep) (www.michigan.gov/mstep)
- [DRC INSIGHT Portal](https://mi.drccdirect.com) (https://mi.drccdirect.com)
- the Announcement page on the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure) (www.michigan.gov/oeaa-secure)
- presentations at state conferences, including the Michigan School Testing Conference held each year in February

Check these sources regularly to stay up to date on assessment- and accountability-related issues and activities.

Standardized Testing

Uniform procedures are essential to a standardized testing program. To ensure comparable scores, all testing staff must follow the same testing procedures and give instructions exactly as they appear in this manual.

Ensure that you and all testing staff comply with all applicable laws, including those relating to discrimination. By strictly following policies and procedures, you give students the best guarantee of fair testing and the best possible test day experience.

Testing Schedules

The test is **untimed** and student-paced. Students **must** be given as much time as needed during the same continuous session to complete each section of this test. Arrangements should be made before testing begins for any student who may need additional time to complete a part of the test.

Test Session Timings

Spring 2021 M-STEP Test Session Timings	
Content Area	Grade 11
Science	1:30
Social Studies	1:00
Estimated Total Hours	2:30

Assessment Security

The primary goals of test security are to protect the integrity of the assessment and to ensure that results are accurate and meaningful. Test security is integral in ensuring that no student has an unfair advantage or a disadvantage in assessment performance.

The [Assessment Integrity Guide \(AIG\)](#) was revised and updated in November 2020. This document, available for download on the [M-STEP web page](#) (www.michigan.gov/mstep), details how state-level assessments should be securely administered. The AIG also includes information on roles and responsibilities of testing staff, test preparation, administration irregularities, and security. District and Building Coordinators are required to read the AIG in its entirety. By following the guidelines in the Assessment Integrity Guide, schools ensure that:

- student test results are valid and reliable
- the testing context is equitable for all students
- all practices are ethical

Overview of Required Security Practices

For additional information on required security practices before, during, and after the test administration, refer to the checklists in Appendix G of the AIG.

Assessment Security Training

All staff members who participate in a state assessment must be fully trained in assessment security.

Test Administrators/Room Supervisors/ Proctors/ Training Requirements:

- complete the MDE Assessment Security online course **and/or** read the Assessment Integrity Guide (determined by the District or Building Coordinator)

Any educators who completed the Assessment Security training modules in the past are allowed to take the Assessment Security Refresher course in place of the full Assessment Security Training modules. More information about the Assessment Security Refresher course is available on the [M-STEP web page](#) (www.michigan.gov/mstep) under the **Professional Development** section.

Material Security

- All materials that allow access to or contain test questions or student responses are considered secure materials and must be handled in a way that maintains their security before, during, and after testing. This includes paper/pencil materials, accommodated materials, used scratch paper, online test tickets, and test rosters.
- All secure materials must be retained in one secure, locked location within the school. During the test administration window, the materials must be distributed and collected daily.

OVERVIEW

- Secure materials are bar-coded and recorded on the security checklists that accompany shipments, and must be returned to the scoring contractor. **Note:** Schools must account for every secure item recorded on the materials list.
- Unused answer documents must be securely shredded.
- All used scratch paper (including graph paper) must be collected and returned to the building M-STEP Coordinator immediately after testing, to be shredded. No used scratch or graph paper may be kept in the classroom. Used scratch paper must never be taken from one test session to another.
- No test materials that contain test questions or student responses may be copied at any time or retained in the schools.
- The use of cameras or cell phones and the posting of pictures to social media sites during testing is an enormous security risk. Therefore, students or testing personnel may not take photographs at any time during testing. If students violate this policy, their tests will be marked “Prohibited Behavior” and no emergency tests will be permitted.
- Monitor student behavior closely for adherence to proper test-taking practices. Ensure that there are no distractions during the test administration period, including talking, noises, and other interactions among students; prevent students from viewing another student’s computer screen or answer document.
- Ensure that students whose IEP and/or Section 504 plan requires them to use Universal Tools, Designated Supports, and Accommodations have these available to them at the time of testing.
- Ensure that any student who needs an allowable Universal Tool or Designated Support has these resources available to them at the time of testing.
- Maintain material security.

Security Compliance

All staff involved in the administration of M-STEP tests must read and sign an Office of Educational Assessment and Accountability (OEAA) Assessment Security Compliance Form, affirming that they have read the required assessment materials related to their role in the M-STEP administration process, and that they understand their role and responsibilities. Completed forms are required from Technology Coordinators, District and Building Test Coordinators, Test Administrators, proctors, and all other staff or volunteers with access to secure test materials or student responses. All OEAA Assessment Security Compliance Forms must be returned to the Building M-STEP Coordinator and kept on file for three years.

Anyone involved in the administration of the M-STEP is obligated to report any suspected violations of test security.

Test Administration

All testing staff must adhere to these guidelines.

- Ensure an appropriate testing environment is maintained.
- Begin all standardized test administration procedures according to the explicit directions in the Test Administrator’s Directions and Manual.
- Read test directions to the students exactly as they are written, as required.

Training Requirements and Resources for Students

Resources for Students to Prepare for Testing

A number of resources and tools have been developed to help students gain valuable experience with testing. Sample items for paper/pencil testers are available on the [M-STEP web page](http://www.michigan.gov/mstep) (www.michigan.gov/mstep).

Available resources include:

- grade-level Sample Item Sets
- sample essay prompts

It is highly recommended that schools provide students with opportunities to practice using these resources before they take the paper/pencil tests.

Providing students with ample practice opportunities will ensure they are familiar with the test content and item types on test day.

Before Testing Checklist

- ❑ With the exception of the Test Directions for content you will **not** administer, Test Administrators are required to read this document in its entirety **before** administering any grade 11 M-STEP assessment.
- ❑ Complete the MDE Assessment Security online course **and/or** read the Assessment Integrity Guide (determined by the District or Building Coordinator).
- ❑ Sign the OEAA Assessment Security Compliance Form.
- ❑ Ensure student’s designated supports and/or accommodations (if applicable) have been set and/or that all materials necessary to administer assigned designated supports and/or accommodations are available.
- ❑ Clearly understand the scheduled testing time, including planned breaks.
- ❑ Prepare the classroom for testing:
 - Remove or cover all classroom instructional materials that may affect the validity of the assessment. All instructional materials must be removed or covered. This includes all information regarding the content area of the test being administered or test-taking strategies. Examples include, but are not limited to:
 - » tips for taking tests
 - » content displays
 - » word lists
 - » writing formulas
 - » definitions
 - » mathematical formulas/theorems
 - » multiplication tables
 - » charts or maps
 - Ensure students are positioned in such a way that students cannot easily read another student’s test or interact with one another.
 - Check to make sure there are no test materials left over from another testing session. If found, return to the Building Test Coordinator.
 - Verify the testing room will be free of distractions for the duration of the test session.
- ❑ Ensure each student answer document has a barcode label attached. If an answer document does not have a barcode label, the student may test, then notify the Building Assessment Coordinator so a barcode label can be attached.

Assessment	Number of Test Parts
Social Studies	1 part; 1 day
Science	1 part; 1 day

- ❑ Ensure all designated supports and accommodations are completed in the demographic portion of the answer documents.

Test Materials Needed for M-STEP

Materials Needed by Test Administrator	Materials Needed by Students
This booklet	Test booklet
Spare sharpened No. 2 pencils (recommended)	Answer document
	At least two sharpened No. 2 pencils per student
	Blank scratch paper (optional—universal tool)
	Scientific calculator for both parts of the science test. All programmable calculators must be set to TEST mode.

TIP!

Take a few minutes to review all the parts of this document you will need to read aloud during testing. Use sticky notes or sticky flags to give yourself a quick reference to the next set of directions to read.

Important Tasks During Testing

The following tasks should be performed in the order listed.

Managing Student Test Materials

Test booklets, used answer documents, and used scratch/graph paper are secure materials. They must be kept in a secure location until the test session is scheduled to begin. Test Administrators are instructed to distribute test materials just prior to student testing.

After a testing session is complete, the Test Administrator should return all test materials to the Building M-STEP Coordinator for:

- destruction (if all students finished the test)
OR
- secure storage (if students have not completed the test)

Test Administrators need to know which universal tools, designated supports, and accommodations are needed for all students prior to the test administration.

Permitted Items in Testing Room

Students may only have required testing materials and any accommodations specified in the student's IEP, Section 504 Plan, and EL instruction documentation at their work spaces during testing.

Item	Permitted?
Pencil	YES – If students are provided scratch paper as a universal tool.
Highlighter	YES
Additional paper (provided by School/District)	YES – Blank scratch paper is <i>allowed</i> for ELA, social studies, science, and mathematics as a universal tool.
Calculator	YES – Scientific calculator is allowed for science only. All programmable calculators must be set to TEST mode during the test.
CD and DVD Players	NO
Headphones (provided by School/District)	NO
Non-academic reading material	YES – Non-academic reading material is allowed for student use after testing is completed. Electronic formats are not allowed. Reading material must be a traditional book or magazine. Reading material must be kept off work surface until the test has been submitted.

Providing Assistance

It is particularly important to understand the difference between helping students understand test directions and online tools and helping them with their responses. With the exception of making sure students understand the directions and implementing any approved universal tools, designated supports, or accommodation, Test Administrators and proctors **may not give help of any kind** to students during this test. This includes defining or pronouncing words, reading any part of the test aloud to students, or manipulating tools. These activities are not appropriate and will result in test scores being invalidated.

Student Questions

Answering student questions: Test Administrators must not help students with any content of the test.

- Prohibited practices include (but are not limited to):
 - » providing hints
 - » defining any words
 - » helping to read or pronounce any word
 - » pointing out important information in the question or suggesting a student read a certain section of the item or highlight any part of the question
 - » in any way provide any verification of a correct/incorrect answer if asked by a student
- Any of these activities are inappropriate and violate ethical test administration practices and will result in test scores being invalidated.
- Allowable practices include:
 - » telling the student to “do their best work”
 - » telling the student to select their best answer for a question

Test Directions for the Student Demographic Page – All M-STEP Grade 11 Assessments

Use the following information and script to assist students in completing the Student Data Grid on the front cover of each student answer document at the start of **every** test administration. Repeat these directions and script for all subjects.

All directions that a TA needs to read to students are in shaded boxes so they stand out from the regular text. They should be read exactly as they are written, using a natural tone and manner. (All other information is for the Test Administrator and should not be read to the students.) If the TA makes a mistake in reading a direction, the TA should stop and say, “I made a mistake. Listen again.” Then the direction should be reread.

Administration Directions for Completing the Student Data Grid

Non-personal information the students will be entering on the Student Data Grid at the start of testing may be posted so that all students can see it (including a whiteboard, smartboard, chalkboard) prior to the start of test administration. This information can include:

- Teacher Name
- School Name
- District Name (leave blank for non-public schools)
- Assessment Date (today’s date)
- Form Number
(Standard forms are Form 1. Emergency forms are Form 2. For all subjects, the Braille forms are Form 88. Note that form numbers always appear on the front cover of the Test Booklet.)

Distribute test materials to students. Remind students not to open their test booklets until told to do so and to put away all materials that may not be used during the test. Scratch paper is allowed as a universal tool for students who need it. Test booklets are designed to have ample space for note-taking. If used, blank scratch paper must be distributed at the start of each test session or part, collected at the end of each part, and securely returned to the Building Assessment Coordinator for shredding. Scratch paper must be treated at all times as a secure material.

Make sure each student has his or her own answer document before the test begins. If a student’s name is misspelled on the answer document, corrections can be made at a later date prior to the return of materials to the scoring contractor. Immediately notify the school M-STEP coordinator, who can help you resolve this problem after the test is completed.

Read aloud the directions in the shaded blocks.

[SAY] Do not open your test booklet until told to do so.

During this test, you must turn off and put away all electronic devices, including cell phones, tablets, smart watches and other wireless devices. The only items you may have on your desk or table are the materials necessary for the test.

All answers must be marked in your answer document using a No. 2 pencil only.

Make sure that you have a 2021 M-STEP (insert grade and subject) _____ Test Booklet.

Write your name on the line labeled “Student Name” on the front cover of your test booklet.

Pause.

[SAY] Look at your answer document. Make sure you have your own answer document. The box at the top of the page should contain a label with your name and other information.

Raise your hand if your name does not appear in this box or if the label is missing.

If any students do not have a barcode label affixed, they can still test, but the Building M-STEP Assessment Coordinator must be notified.

[SAY] Follow these steps to complete the Student Data Grid. Turn to the front cover of your answer document.

Write your name on the line that says, "Student Name."

Write (insert teacher name) _____ on the line that says "Teacher Name."

Write (insert school name) _____ on the line that says "School."

Write (insert district name) _____ on the line that says "District."

Non-public schools may leave "District" blank.

Pause.

[SAY] Find the section labeled "Birth Date." In the column under "Month," fill in the bubble next to the month in which you were born.

Pause.

[SAY] In the space labeled "Day," print the digits of the day on which you were born. If there is only one digit in your day of birth, print a zero before the numeral. For example, if your day of birth is the seventh, you would print the digits zero and seven.

In the two columns below "Day," fill in the bubbles for the digits of the day on which you were born. Fill in only one bubble in each column.

Pause.

[SAY] In the space labeled "Year," print the last two digits of the year in which you were born.

In the two columns below "Year," fill in the bubbles for the last two digits of the year in which you were born. Fill in only one bubble in each column.

Pause.

Make sure each student has filled in the correct bubbles for the month, day, and year of birth.

[SAY] Next, find the section labeled "Assessment Date."

In the first column, fill in the bubble next to the current month.

The next two spaces are for today's date. Write the numbers for today's date in the spaces provided. If there is only one digit in today's date, print a zero before the numeral. For example, if the date is the seventh, you would print the digits zero and seven.

In the two columns below today's date, fill in the bubbles for the numerals of the date. Fill in only one bubble in each column.

The year is already filled in for you.

Pause to allow students to finish.

**[SAY] Now find the section labeled “Form.”
Then check the front cover of your Test
Booklet to find the correct form number.
Bubble in that form number.**

Check to make sure all students have bubbled the correct form number. It is critical that the correct form number is bubbled on the answer document in order to ensure the student’s test is scored properly.

When the students have completed the Student Data Grid, turn to the appropriate page in this document for subject-specific test directions, and continue with test administration.

Test Directions for Grade 11 Science

Be sure you have completed the directions on pages [12–14](#) before you start this section.

[SAY] Now you will be taking the M-STEP Science Assessment.

Turn to page 3 in your answer document.

Open your test booklet to page 3.

Read the directions silently as I read them aloud.

You are about to take the Michigan Student Test of Educational Progress, or M-STEP. You have been given a test booklet and answer document.

In order for the results to be valid, you must NOT:

- talk to or help another student
- look at or copy another student’s answers
- ask for or accept any help from another student
- use your cell phone or any other electronic device including an eBook
- take pictures or make copies of any test materials
- cause a disturbance
- remove test booklet or answer document from the room
- post or chat about any part of the test through social media (example: Facebook, Snapchat, Instagram, Twitter, etc.)

If you do not understand these requirements or have questions, please raise your hand.

[SAY] TEST DIRECTIONS

You will be taking the Science M-STEP. This test includes passages and pictures that you will read and use to answer different types of questions. Carefully read each passage and look at each picture before answering the questions that follow. Calculators are allowed for this test.

You must mark all your answers on the answer document with a No. 2 pencil. You may underline, circle, or write in this test booklet to help you, but nothing marked in this test booklet will be scored. Completely fill in the corresponding circle on your answer document. If you erase an answer, be sure to erase it completely. Remember that if you skip a question in the test booklet, you need to skip the answer space for that question on the answer document. If you are not sure of an answer, mark your best choice.

A Periodic Table of the Elements has been provided for your reference on the next page.

When you come to the STOP sign, you have finished the test. If you finish early, you may go back and check your work. Check to make sure you have answered every question. When you have finished, please close your test booklet and answer document and sit quietly.

It is important to do your best on this test so your teacher and school can know how much you have learned this school year.

Do you have any questions?

Pause to answer any questions, then continue.

[SAY] Make sure you are on page 3 in your answer document.

You may turn the page in your test booklet and begin.

When all students have finished,

[SAY] Okay. We will stop now. Please close your test booklet and answer document. Remain quietly in your seat until all materials are collected.

Before dismissing students (whether it's for a break, or between separate test sittings, or the end of testing) you must collect all materials, including scratch paper, from each student individually. Do not have students pass materials to the end of a row or aisle. Students may not be dismissed until it is verified that all test materials have been returned.

Securely store the test materials until you begin testing again. Used scratch paper must be returned to the Building Assessment Coordinator for secure shredding. (You will need to distribute new, blank scratch paper before each part.)

Test Directions for Grade 11 Social Studies

Be sure you have completed the directions on pages [12–14](#) before you start this section.

[SAY] Now you will be taking the M-STEP Social Studies Assessment.

Turn to page 2 in your answer document.

Open your test booklet to page 3.

Read the directions silently as I read them aloud.

You are about to take the Michigan Student Test of Educational Progress, or M-STEP. You have been given a test booklet and answer document.

In order for the results to be valid, you must NOT:

- talk to or help another student
- look at or copy another student’s answers
- ask for or accept any help from another student
- use your cell phone or any other electronic device including an eBook
- take pictures or make copies of any test materials
- cause a disturbance
- remove test booklet or answer document from the room
- post or chat about any part of the test through social media (example: Facebook, Snapchat, Instagram, Twitter, etc.)

If you do not understand these requirements or have questions, please raise your hand.

[SAY] TEST DIRECTIONS

In this test, you will answer multiple-choice social studies questions. Some questions may include a passage, map, or other social studies-related information. Use that information with what you know to answer the questions.

You must mark all of your answers on the answer document with a No. 2 pencil. You may underline, circle, or write in this test booklet to help you, but nothing marked in this test booklet will be scored.

Mark only one answer for each question. Completely fill in the corresponding circle on your answer document. If you erase an answer, be sure to erase it completely. Remember that if you skip a question in the test booklet, you need to skip the answer space for that question on the answer document. If you are not sure of an answer, mark your best choice.

When you come to the STOP sign you have finished the test. If you finish early, you may go back and check your work. Check to make sure you have answered every question. When you have finished, please close your test booklet and answer document and sit quietly.

It is important to do your best on this test so your teacher and school can know how much you have learned this school year.

Do you have any questions?

Pause to answer any questions, then continue.

[SAY] You may turn the page in your test booklet and begin.

When all students have finished,

[SAY] Okay. We will stop now. Please close your test booklet and answer document. Remain quietly in your seat until all materials are collected.

Before dismissing students (whether it's for a break, or between separate test sittings, or the end of testing) you must collect all materials, including scratch paper, from each student individually. Do not have students pass materials to the end of a row or aisle. Students may not be dismissed until it is verified that all test materials have been returned.

Securely store the test materials until you begin testing again. Used scratch paper must be returned to the Building Assessment Coordinator for secure shredding.

Refer to the "After Testing" chapter on [page 19](#) for specific instructions about assembly and return of materials.

Assemble Materials for Return

After testing has been completed, prepare materials to be returned to the Building Assessment Coordinator.

Check to make sure that all student answer documents have been removed from inside the test booklets. In addition, make sure that no scratch paper was left inside the answer documents. Remove any extraneous material.

Only one answer document per student/content area may be submitted. If multiple answer documents for any students are identified, please ensure that all responses are transcribed into a single answer document.

Make sure that responses for students taking the braille version of the test have been transferred to standard answer documents with Form 88 bubbled on the front.

Checklist for Test Administrators

1. Remember to affix the student bar code label, complete the requested information on the front of each student answer document, and return all test booklets and answer documents to the Building Assessment Coordinator.
2. Bundle all unused materials together and return them to your Building Assessment Coordinator.
3. Bundle together all of the scratch paper, and any L1 Glossary Reference Sheets and return to the Building Assessment Coordinator. This material is to be securely handled and destroyed. Do **not** dispose of the scratch paper or glossaries by placing it in the trash. This material must be securely destroyed.

APPENDIX A: M-STEP Calculator Policy

Online and Paper/Pencil Testers

Mathematics

Students in grades 3, 4, and 5 are **not** allowed to use a calculator on ANY item in the mathematics assessment, as the use of calculators at these grade levels changes the construct of the items and what they are intended to measure. All students must abide by this no-calculator-allowed policy, even students whose IEP or 504 Plan specifies otherwise. **The use of a calculator at grades 3, 4, or 5 is considered a nonstandard accommodation.** Nonstandard accommodations render the assessment invalid.

Science

Students in grade 5, 8, and 11 are allowed to use a calculator on any item in the science assessment.

Online Testers

On grades 6 and 7 mathematics and grades 5, 8, and 11 science assessments, students will use the calculator embedded within the online delivery engine. The calculator will appear in the toolbar when items allow its use; it will not appear when items do not allow its use.

There are two types of embedded online calculators:

- Basic calculator - science grade 5 and mathematics grade 6
- Scientific calculator - science grades 8 and 11 and mathematics grade 7

The Office of Educational Assessment and Accountability (OEAA) has developed resources for online testers to help prepare them for online testing. One of the resources is an online

calculator practice tool. It is recommended that online testers visit the practice environment to see sample items and familiarize themselves with the online calculator tool. To practice using the M-STEP online calculators, go to the [Online Tools Training \(OTT\) portal](https://wbte.drcedirect.com/MI/portals/mi/) (https://wbte.drcedirect.com/MI/portals/mi/) using the Google Chrome browser.

Paper/Pencil Testers

On grades 6 and 7 mathematics and grades 5, 8 and 11 science assessments, students will use a handheld calculator.

Calculators are allowed on all items of the science assessments. Calculators are allowed only on Part 2 of the mathematics assessment.

Mathematics test booklets are divided into two parts. Part 1 of the paper/pencil mathematics assessment is considered non-calculator, and students must not have a calculator within reach. Part 2 of the paper/pencil mathematics assessment allows the use of a calculator. Once students start Part 2, they are not allowed to return to the non-calculator items on Part 1.

Since external hand-held graphing calculators are programmable, there is a potential of a security breach. All programmable calculators must be set to TEST mode during the testing session for both mathematics and science assessments.

Types of hand-held calculators:

- Basic calculator - science grade 5 and mathematics grade 6
- Scientific calculator - science grades 8 and 11 and mathematics grade 7

Important Notes

Alignment

The operational items on all of the assessments have been field-tested and are aligned to Michigan's standards.

Fairness

The issue of fairness between online testers and paper/pencil testers with regard to calculator usage has been raised. The OEAA decided not to burden schools by requiring them to purchase calculators specifically for this assessment as a possible one-time use. Some schools may not have the grade-specific calculators for their paper/pencil testers to use. The OEAA has reviewed every item to determine if the use of an above-grade-level calculator gives those students an advantage. Students will not be advantaged or disadvantaged based on using an above-grade calculator on the assessment.

Managing Online Testers and External Hand-held Calculators

The OEAA prohibits online testers from using external handheld calculators instead of the embedded online calculator. The only online testers who may use an external calculator are those students whose IEP or Section 504 Plan specifies the use of a special adaptive calculator.

APPENDIX B: M-STEP Scratch Paper Policy

Scratch paper is a Universal Tool that may be made available to students during testing. Used scratch paper is a secure material. District Coordinators should develop and disseminate procedures for the secure handling and disposal of used scratch paper.

Terms

Graph Paper: blank, gridded paper provided by MDE for use in grades 6-7 mathematics

Scratch Paper: blank, lined, or unlined paper

Graph paper and scratch paper are separated into two types:

Unused Scratch/Graph Paper: scratch paper that does not include any student markings; unused scratch/ graph paper may include a student's name written on it

Used Scratch/Graph Paper: scratch/graph paper that includes any student markings beyond the student's name

Online Testers: Mathematics

Scratch paper is allowed in all test sessions. For students in grades 6-7, blank graph paper is required and is provided in the online initial material order. The grades 3-5 tests do not include items that require graph paper. Additional graph paper can be downloaded from the [M-STEP web page](http://www.michigan.gov/mstep) (www.michigan.gov/mstep).

For grades 3-5, scratch paper must be blank ruled or unruled, or (optionally) graph paper.

For grades 6-7 the graph paper must be blank.

Fresh scratch/graph paper must be distributed at the start of each new test session. That is, when a student receives a new test ticket for login, a fresh sheet of scratch paper must

be provided at that time. Once a test session is completed, used scratch paper must be returned with the test tickets to the Building Coordinator for secure shredding.

Students must write their names on the scratch paper. When students are given a break, the scratch paper must be collected and securely stored with test tickets until testing resumes.

If a student's name is clearly written on the used scratch paper, it can be returned to that student to use when resuming an in-progress test.

Online Testers: English Language Arts, Science, and Social Studies

Scratch paper is allowed in all test sessions. For all grades this must be blank ruled or unruled paper.

Fresh scratch paper must be distributed at the start of each new test session. That is, when a student receives a new test ticket for login, a fresh sheet of scratch paper must be provided at that time. Once a test session is completed, used scratch paper must be returned with the test tickets to the Building Coordinator for secure shredding.

If a student's name is clearly written on the used scratch paper, it can be returned to that student to use when resuming an in-progress test.

Paper/Pencil Testers: Mathematics

Scratch paper is allowed in all test sessions and test parts. For grades 3-5 this must be blank ruled or unruled, or (optionally) graph paper. Testers in grades 6-7 may be provided blank graph paper in place of blank ruled or unruled paper; however, students may also use the graphs in their test booklets to solve problems. Additional graph paper can be downloaded from the [M-STEP web page](http://www.michigan.gov/mstep) (www.michigan.gov/mstep).

Fresh scratch paper must be distributed with each part of a test and students must write their names on the scratch paper. After students encounter a “stop” sign in the test booklets, scratch paper must be collected and securely stored until it can be returned with the rest of the test materials to the Building M-STEP Coordinator for shredding. If paper/pencil testers are provided a break not associated with a test part, then used scratch paper must be placed inside their closed test booklets.

Note: In order to prevent the use of an inappropriate writing utensil on the answer document, students should only have access to number 2 pencils during paper/pencil testing.

APPENDIX C: M-STEP Incident Reporting Guide

Any testing irregularities that occur before, during, or after testing must be reported to the Office of Educational Assessment and Accountability (OEAA) within two school days. All incidents are required to be reported; do not neglect to report an incident if more than two school days have passed since you were aware of it. This table identifies the incident categories and sub-categories that are used in the Secure Site Incident Reporting tool and provides sample scenarios for each category or sub-category.

You will find detailed information on how to access and use the tool at the [Secure Site Incident Reporting tool](https://www.michigan.gov/documents/mde/Incident_Reporting_520328_7.pdf) (www.michigan.gov/documents/mde/Incident_Reporting_520328_7.pdf).

The Department of Education (MDE) has updated incident reporting requirements to ensure accurate and valid student-level assessment data for the specific situations described below; that is, if a student:

- becomes ill and leaves school early due to illness on the day that the test was completed and submitted
- spends fewer than 15 minutes testing and submits a test
- did not take prescribed medication prior to testing and completes and submits a test

These tests can be regenerated if the incident report is submitted on the date of the incident (by 11:59 PM) and parent permission is documented. If it is not possible to obtain documentation of parent permission on the date of the incident, the school must submit the incident report on the date of occurrence and provide documentation of parent permission subsequently.

Regeneration of any test for any of these listed reasons will only occur once; for example, if a student does not take his or her medication one day and the test is regenerated, and then the student subsequently tests without his or her medication a second time, a new test will not be regenerated. Or, if a student becomes ill and goes home on one test day, the test is regenerated, then if the student spends less than 15 minutes on the test on the next test day, the second test will not be regenerated.
