

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to Bank of New York Mellon. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to Bank of New York Mellon must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 15th of the month following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

Prior to Q4 2011, an issue was encountered in determining the quarter in which a borrower was to be reported. This was partially due to the use of the borrower's contractual payment due date as the mechanism for establishing the quarter in which a borrower was to be reported. This affected both the Unique Borrower Count section, as well as the Assistance Provided to Date field. As of Q4 2011, this has been rectified by switching to the use of the actual payment date as the trigger for bucketing borrowers.
