

Amended Instructions for Form 4700
Michigan Business Tax (MBT) Gross Receipts Worksheet
Changes for tax years beginning on or after January 1, 2010
As amended under Public Act 282 of 2014

Public Act 282 of 2014

Public Act (PA) 282 of 2014 resulted in the following changes to the Michigan Business Tax (MBT), **retroactive to 2010**:

- 1) Exclusion of Cancellation of Debt Income (CODI) from gross receipts.
- 2) A change to the Investment Tax Credit (ITC) Recapture. For assets purchased, acquired, or transferred into Michigan in a tax year beginning after December 31, 2007, that were sold or otherwise disposed of, or transferred outside Michigan during the tax year, recapture is now required to the extent and at the rate the credit was used under the MBT.
- 3) A change to the calculation of the Renaissance Zone Credit for taxpayers located in a Renaissance Zone before December 1, 2002.

Amended Returns

An amended return for changes due to PA 282 of 2014 must be filed no sooner than January 1, 2015, and no later than December 31, 2015, and must contain amendments for only the three items above. Refund claims must be made within the statute of limitations. If amendments for other than the three items above are required, a separate amended return must be filed.

PA 282 of 2014 requires that any refund as a result of an amended return based on these changes will be paid out over a six-year period beginning in 2016. An overpayment on an amended return for claims due to PA 282 of 2014 must be refunded and may not be credited forward.

Original Returns

If a taxpayer has not yet filed an original return for a tax year beginning on or after January 1, 2010, the taxpayer should implement the three changes listed above in the original return. An original return is not necessarily bound by the 2015 calendar year filing requirement. Traditional due date and statute of limitations restrictions still apply. An overpayment on an original return will not be subject to the six-year payout provision and may be credited forward, if available and if desired.

Gross Receipts Worksheet

The MBT forms and instructions include the *Gross Receipts Worksheet* (Form 4700) to assist taxpayers in calculating Gross Receipts as reported on the *MBT Annual Return* (Form 4567).

The following instructions will allow taxpayers to account for the PA 282 change to gross receipts while using the Form 4700 previously released for tax years 2010-2013.

2012 and 2013 Forms

Taxpayers calculating gross receipts as amended by PA 282 should use Form 4700, for the corresponding year, as instructed through line 64.

Taxpayers will then calculate the exclusion of amounts attributed to the taxpayer pursuant to a discharge of indebtedness as described under IRC 61(a)(12), including forgiveness of a nonrecourse debt. That amount will be added to the subtotal generated at line 65.

Continue with the remainder of the form as instructed.

2010 and 2011 Forms

Taxpayers calculating gross receipts as amended by PA 282 should use Form 4700, for the corresponding year, as instructed through line 71.

Taxpayers will then calculate the exclusion of amounts attributed to the taxpayer pursuant to a discharge of indebtedness as described under IRC 61(a)(12), including forgiveness of a nonrecourse debt. That amount will be added to the subtotal generated at line 72.

Continue with the remainder of the form as instructed.

End of Amended Instructions

Gross Receipts Worksheet

Complete the appropriate parts below based on the person's organization type. Part 1 is for an Individual or Fiduciary; Part 2 is for a C Corporation (or a person filing federal returns as a C Corporation); and Part 3 is for a Partnership or S Corporation (or a person filing a federal return as a Partnership or an S Corporation). Parts 4 and 5 apply to all filers, independent of their organization type.

Gross receipts is not necessarily derived entirely from the federal return, however, this worksheet will calculate gross receipts as defined by law in most circumstances. Taxpayers and tax professionals are expected to be familiar with uncommon situations within their experience, which produce gross receipts not identified by specific lines on this worksheet, and report that amount on the most appropriate line. The Michigan Department of Treasury may adjust the figure resulting from this worksheet to account properly for such uncommon situations. Complete and attach this worksheet to your return. Unitary Business Groups (UBGs) must complete and attach a worksheet for each member.

Gross receipts, before applying the statutory exceptions, consists solely of positive amounts derived from transactions or events. Therefore, if any of the federal return items utilized in Part 1, Part 2 or Part 3 is a net result of both negative and positive transactions, it must be recalculated for use here by counting only the positive elements represented in that net figure.
