Backup documentation, including board approval minutes or resolutions, to support this/these designation(s) must be kept on file locally and be made available for review, upon request.

Furthermore, if the CEO chooses to identify a Fiscal Agent to receive all fiscal documents (i.e., grants, contracts, Grant Action Notices, etc.) in lieu of his or herself, the appropriate form (**Form C**) contained in this policy must be completed and submitted by the Local Area on an annual basis. **If the Administrative Entity is designated as the Fiscal Agent, only the MWA director is allowed to be designated as the Fiscal Agent on Form C.** Backup documentation to support this designation, including a copy of the legal instrument (i.e., interlocal agreement, CEO agreement, etc.) used to make the designation, must be kept on file locally and be made available for review, upon request.

If a Local Area chooses not to submit any of the optional information on Form C, then only the WDB Chair and CEO may sign documents, and only the CEO may receive fiscal documents.

Competitive Selection of One-Stop Operators

Eligible One-Stop Operators

The WIOA Section 3(41) defines the One-Stop operator as one or more entities designated or certified under the WIOA Section 121(d). The One-Stop operator must be an entity (public, private, or nonprofit) or a consortium of entities that, at a minimum, includes three or more of the required One-Stop partners of demonstrated effectiveness, located in the Local Area. Entities selected and serving as One-Stop operators are subrecipients of a federal award and thus are required to follow the Uniform Guidance. One-Stop operators may operate one or more One-Stop centers, and there may be more than one One-Stop operator in a Local Area.

Eligible entities may include the following:

1. Government agencies or governmental units, such as local or county governments, school districts, state agencies, and federal WIOA partners.
2. Employment Service state agencies under the Wagner-Peyser Act, as amended by Title III of the WIOA.
3. Indian Tribes, tribal organizations, Alaska Native entities, Indian-controlled organizations serving Indians, or Native Hawaiian organizations (collectively referred to herein as “Indian Tribes”).
4. Educational institutions, such as institutions of higher education, nontraditional public secondary schools such as night schools, and area career and technical education schools (however, elementary and other secondary schools are not eligible to become a One-Stop operator).
5. Community-based organizations, nonprofit entities, or workforce intermediaries.
6. Other interested organizations that are capable of carrying out the duties of the One-Stop operator, such as a local chamber of commerce, other business organization, or labor organization.
7. Private for-profit entities (additional requirements highlighted in TEGL 15-16, Section 6, Part D).
8. Local WDBs, if approved by the CEO and the Governor, as required in the WIOA Section 107(g)(2).

While the above entities are eligible to serve as One-Stop operators, an entity’s eligibility to be the One-Stop operator in a specific Local Area is affected by the nature of the procurement process, particularly as it relates to conflict of interest and avoiding “less than arms-length” relationships.

Once the local WDB has competitively selected a One-Stop operator, the local WDB and the operator must execute a legally binding agreement which may take the form of a written contract or another type of agreement, such as a Memorandum of Understanding. The agreement between the local board and the One-Stop operator shall specify the operator's role. That role may range between simply coordinating service providers within the center to being the primary provider of services within the center. See Section 20 CFR 678.620 for further information.

Additional Requirements

Per the WIOA Section 121(d)(4), local boards must ensure:

1. One-Stop operators disclose any potential conflicts of interest arising from the relationships of the operators with particular training service providers or other service providers.
2. Practices are not established that create disincentives to providing services to individuals with barriers to employment who may require longer-term services, such as intensive employment, training, and education services.
3. Compliance with federal regulations and procurement policies relating to the calculation and use of profits.

Designation and Certification of One-Stop Operators

The WIOA, Section 121(d)(1), authorizes the local board, in agreement with the CEO, to designate or certify the One-Stop operator(s) and to terminate for cause the eligibility of such operators. To be eligible to receive funds made available under the WIOA to operate a One-Stop center, an entity, which may be a consortium of entities, must be designated or certified as a One-Stop operator through a competitive process and be an eligible entity to operate the One-Stop as outlined above. The entire procurement process must be performed under a method that promotes transparency and responsibility from the planning phase to the closeout phase and must be conducted at least every four years. For an in-depth discussion of a formal competitive procurement process, see TEGL 15-16, Section 9.

The local WDB can serve as the One-Stop operator. However, local WDBs must still compete to be the One-Stop operator in the Local Area and must use a competitive process based on local procurement policies and procedures and the principles of competitive procurement in the Uniform Guidance set out at [2 CFR 200.318](#) through 200.326.

Additionally, should the local board choose to compete, 20 CFR 678.615(b) requires the local WDB to have appropriate firewalls and conflict of interest policies and procedures in place which must conform to 20 CFR 679.430.

One way to avoid a conflict of interest is to establish effective conflict of interest policies and maintain appropriate firewalls that apply when the local WDB competes to be the One-Stop operator. This may include a requirement for an outside entity to conduct the competition. For example, the local WDB could contract with a separate and independent outside entity to conduct the competition. Outsourcing the entire process (including development of requirements, drafting the Request For Proposal (RFP) or Invitation For Bid, evaluation of proposals/bids, and identification of best entity) to an alternate entity would be the best practice in this circumstance to avoid a conflict of interest. These costs and activities would be allowable under the WIOA.

In situations in which the outcome of the competitive process is the selection of the local WDB itself as the One-Stop operator, the Governor (WDA Director) and the CEO must agree to the selection of the local WDB as required by the WIOA at Section 107(g)(2). The CEO shall submit a formal request to the Governor (WDA Director) requesting that the local board serve as the One-Stop operator. Supporting data and information must be submitted as part of this request. At a minimum, the request must include:

1. A copy of the CEO and WDB meeting minutes and/or resolution(s) where the designation or certification process was agreed upon by the local board, and confirmed by the CEO.
2. A copy of the publicly advertised RFP.
3. A summary of the bids received in response to the RFP.
4. A summary of the cost analysis that was performed supporting the determination that the local board can more efficiently and effectively serve as the One-Stop operator in the Local Area.

Required Documentation

1. Competitive process resulting in an entity(ies) other than the local WDB serving as the One-Stop operator:
 - a. A copy of the CEO and WDB meeting minutes and/or resolution(s) where the selection process is agreed upon by the WDB, and confirmed by the CEO, must be kept on file locally.

2. Designation or certification of the local WDB as the One-Stop operator:
 - a. Copies of all documents related to the competitive procurement process and designation and certification of the local WDB as the One-Stop operator must be kept on file locally.
 - b. Documentation confirming compliance with the Sunshine Provision, as described in Section 107(e) of the WIOA, must be kept on file locally.

Monitoring of One-Stop Operators

The WIOA requires that the local WDB conduct monitoring of its One-Stop operator(s). When the local WDB is the One-Stop operator, there is an inherent conflict of interest that the local WDB cannot effectively monitor itself. In such circumstances, an outside entity or a state agency, such as a state auditor or inspector general, must conduct the monitoring and report the monitoring results to the CEO.

The MWAs shall take all necessary and appropriate actions to comply with the directives of this policy.

STIPULATIONS

1. State Held Harmless - Indemnification

The MWA shall indemnify, defend, and hold harmless the State, its departments, divisions, agencies, sections, commissions, officers, employees, and agents from and against all losses, liabilities, penalties, fines, damages, and claims (including taxes), and all related costs and expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgment, interest, and penalty), arising from, or in connection with, any of the following:

- a. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents arising out of, or resulting from: (1) the product provided, or (2) performance of the work, duties, responsibilities, actions, or omissions of the MWA, or any of its subcontractors, under this plan.
- b. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents arising out of, or resulting from, a breach by the MWA of any representation or warranty made by the MWA in this plan.
- c. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents arising out of, or related to, occurrences that the MWA is required to insure against as provided for in this plan.
- d. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents arising out of or resulting from the death or bodily injury of any person, or the damage, loss, or destruction of any real or tangible personal property, in connection with the performance of services by the MWA, by any of its subcontractors, by anyone directly or indirectly employed by the MWA, or by anyone for whose acts the MWA may be liable; provided however, that this indemnification obligation shall not apply to the extent, if any, that such death, bodily injury, or property damage is caused solely by the negligence or reckless or intentionally wrongful conduct of the State.
- e. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents which results from an act or omission of the MWA or any of its subcontractors in its capacity as an employer of a person.
- f. Any claim, demand, action, citation, or legal proceeding against the State, its employees, and agents incurred in connection with any action or proceeding threatened or brought against the State to the extent that such action or proceeding is based on a claim that any piece of equipment, software, commodity, or service supplied by the MWA or its subcontractors, or the operation of such equipment, software, commodity, or service, or the use or reproduction of any documentation provided with such equipment, software, commodity, or service infringes any U.S. or foreign patent, copyright, trade secret, or other proprietary right of any person or entity, which right is enforceable under the laws of the U.S. In addition, should the equipment, software, commodity, or service, or the operation thereof, become, or in the MWA's opinion be likely to become, the subject of a claim of infringement, the MWA shall, at the MWA's sole expense: (1) procure for the State the right to continue using the equipment, software, commodity or service or if such option is not reasonably available to the MWA, (2) replace or modify the same with equipment, software, commodity, or service of equivalent function and performance so that it becomes non-infringing, or, if such option is not reasonably available to the MWA, (3) accept its return by the State,

with appropriate credits to the State, against the MWA's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

In any and all claims against the State of Michigan, or any of its agents or employees, by any employee of the MWA, or any of its subcontractors, the indemnification obligation under the contract shall not be limited in any way by the amount or type of damages, compensation, or benefits payable by or for the MWA under workers' disability compensation acts, disability benefits acts, or other employee benefits acts. This indemnification clause is intended to be comprehensive. Any overlap in sub-clauses, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other sub-clause.

2. **Publication Rights**

All interim, draft, and final reports and other documentation, including machine-readable materials produced by the MWA in connection with the work provided for under funds from the WDA, shall be deemed to be works for hire and all rights, including copyright and publication rights, shall vest in the State. The MWA shall acknowledge the WDA as the grantor of all funds when developing information for internal purposes or public dissemination, either in writing or oral presentation. This will include all printed, published, and other promotional materials of any kind, which the MWAs may develop for informational reasons.

3. **Cancellation**

The State may cancel this plan for any of the following reasons:

- a. **Default of the MWA:** If the WDA identifies any action that would result in default by the MWA, the MWA shall be given an opportunity to correct such action. If the action is not corrected and default still exists, the State may immediately cancel the grant without further liability to the State, its departments, agencies, and employees. The State may procure the articles or services from other sources and may hold the MWA responsible for any excess costs incurred.
- b. **Lack of Further Need for the Service or Commodity:** In the event that the State no longer needs the service or commodity specified in the plan due to program changes, changes in law, rules or regulations, relocation of offices, or insufficient funding, the State may cancel the contract without further liability to the State, its departments, agencies, and employees by giving the MWA written notice of such cancellation 30 days prior to the date of cancellation.
- c. **Failure of the Legislature or the Federal Government to Provide the Necessary Funding:** In the event that the legislature or the federal government fails to provide or terminates the funding necessary for this plan, the State may cancel the plan by providing written notice to the MWA 30 days prior to the date of cancellation provided; however, in the event the action of the legislature or federal government results in an immediate absence or termination of funding, cancellation may be made effective immediately upon delivery of written notification to the MWA. In the event of a termination under this sub-paragraph, the MWA shall, unless otherwise directed by the State in writing, immediately take all reasonable steps to terminate its operations and to avoid, and/or minimize, further expenditures under the plan.

- d. **Upon Order of a Court or Direction by the Federal Government:** In the event of a court order halting or suspending activities under the plan or, in the case of a plan involving federal funds or otherwise subject to federal oversight, issuance of an order or directive by the federal government halting or suspending activities under the plan, the State shall promptly notify the MWA in writing of the entry or receipt of such order and shall direct the MWA to take immediate action in conformity with such order or directive. In the event of a termination or suspension of the plan under this sub-paragraph, the MWA shall, unless otherwise directed by the State in writing, immediately take all reasonable steps to terminate its operations and to avoid and/or minimize further expenditures under the plan.
 - e. **Criminal Conviction:** The State may immediately cancel the plan without further liability to the State, its departments, agencies, and employees, if the MWA, or an officer of the MWA, is convicted of a criminal offense incident to the application for, or performance of, a State, public, or private contract or subcontract; or convicted of a criminal offense including, but not limited to, any of the following: embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, attempting to influence a public employee to breach the ethical conduct standards for State of Michigan employees; convicted under state or federal antitrust statutes; or convicted of any other criminal offense which in the sole discretion of the State, reflects on the WDB's business integrity.
4. **Requirements for Participants**
The State delegates to the MWA responsibility for the determination of participant eligibility for programs funded in whole, or in part, by the WDA.
5. **Financial Responsibility and Liability**
As the grant recipient, the CEO(s) for each Local Area is liable for all workforce development funds received through the WDA.

7. **Gratuities**
The State may, by written notice to the Grantee, terminate the right of the Grantee to proceed under this grant agreement if it is found, after notice and hearing, by the Grant Officer or a duly authorized representative, that gratuities in the form of entertainment, gifts, or otherwise, were offered or given by the Grantee to any officer or employee of the State with a view toward securing a grant agreement or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such grant agreement; provided that the existence of the facts upon which the Grant Officer or a duly authorized representative makes such findings shall be an issue that may be reviewed in any competent court.

For domestic travel to be an allowable cost, it must be necessary, reasonable, allocable, and conform to the non-federal entities' written

policies and procedures. All travel must also comply with the Fly America Act (49 USC 40118), which states in part that any air transportation, regardless of price, must be performed by, or under a code-sharing arrangement with, a U.S. Flag air carrier if service provided by such carrier is available.

Pursuant to 2 CFR 200.474(a), recipients must have policies and procedures in place related to travel costs; however, for reimbursement on a mileage basis, the maximum allowable mileage reimbursement rates for Federal employees apply.

Mileage rates must be checked annually to ensure compliance with the [Federal rates](#).

ALL POWERS NOT EXPLICITLY VESTED IN THE MWA, WDB, CEO, OR ADMINISTRATIVE ENTITY REMAIN WITH THE STATE.
